

CHAMBER OF TEACHER IN-CHARGE

FACULTY ROOM

Prologue

The Proper unfolding of the entity of the creator brings forth the creation. When auspicious wishes and selfless striving of altruistic personalities mixed with the concept and thinking of the creator as complementary then only a big creation comes of. At the down of foundation of this college a host of erudite personalities came forward with a common august mission in 1971. After the retirement from Kalyani B. T. College Prof. Late Birendramohan Acharyya approached to Late Lieutenant Colonel Dwijendranath Bhattacharyya, the then supreme authority of Bhagirathi Silpasram, with a wish to set up a B. T. College and the professor was provided with three two-storied buildings annexed to the Silpasram to found College. Name as "Bhagirathi College of Educationh" and became affiliated to the University of Kalyani and this is the promising start of a magnanimous teachers' training institute.

At the stage of budding of today's blooming institution nor'-wester blew several times over it and made it displaced from homestead now and then. So it had to sail for hard difficult voyages to find a permanent shelter here and there with its only viaticus of "Government Recognition". At the end of aimless journey, the college has managed find its permanent abode at the end of 1978 at a land of 36.5 decimal with a 2000sq.ft onestoried Pokka building, donated by the authority of the famous "Sri Sri Nityananda Math" of Village. Chanduria, P.O. : Shimurali, Dist : Nadia. Subsequently, in comply with the holy wish of the "Math" authority this college took the name after the "Math" foundry Sri Sachinandan Das Mahanta Maharaj. Thus, by journey of change, the name of this college also underwent several changes from "Bhagirathi Post Graduate Teachers' Training College" to "Bhagirathi College of Education," later on to "Shimurali College of Education" and finally "Shimurali College of Education" has been substantially converted to "Shimurali Sachinandan College of Education" on and from 5th march, 1984. Turning aside disasters at different times in past the eulogized institution is still conscious in its own obligation.

The students are encouraged to come into intimate contact with their teachers and attempt is made to impart an all-round training in an atmosphere of serene peace, discipline and moral purity which help them develop into effective future teachers as well as worthy citizens of the country with a sense of genuine pride in pur rich hoary cultural heritages.
